

**GRID-IT ORGANIZER CP610**

Cocoon's Grid-It Organizer offers versatile and adjustable organization for your electronics. Straps of all sizes on the organizer can accommodate cords and devices like an iPod, cell phone, digital camera, or as small as an SD card or USB drive. All effects are held firmly in place, making it ideal for travel.

**GEAR**

**KODAK SLICE TOUCHSCREEN CAMERA**

Kodak's new 14 megapixel touchscreen digital camera, Slice, features a 3.5" screen. The Slice Search feature allows you to sort by person, place, event, location, or by any of the manual tags you use for your pictures, or by recognize faces. An internal memory of 2 GB stores 5,000 pictures in HD resolution. >> \$350 / [kodak.com](http://kodak.com)

**YOOSTAR**

Become the star of your favorite movies like The Terminator and the Chocolate in scenes created by Yoostar. This set comes with a studio-grade web cam, portable remote control, and stand. Additional scenes and 2D are constantly being added on [yoostar.com](http://yoostar.com) and are available for purchase. Currently, Yoostar is only compatible with PCs, but a version will be out later this year. >> \$170 / [yoostar.com](http://yoostar.com)
