VACATION WEAR
THAT’S STYLISH AND COMFORTABLE

Appropriate and relaxing are key to the wardrobe

By Kim Raff

Right now, it seems like the only thing to do is pack and head to the nearest lake or beach to soak up the sun’s rays. The good news: packing for a vacation can be fun and stylish.

First, you’ll want to consider your location. For a destination near the ocean, you’ll need a swimsuit, flip flops and some casual shorts. For a landlocked vacation, you’ll want to think about what you’ll be doing. If you plan on hiking or walking around a city, a pair of comfortable shoes and some layers for cooler temperatures are essential.

Here are some tips for packing:

1. Roll clothes to save space
2. Use a packing cube to organize
3. Pack a good pair of sunglasses
4. Bring a hat for sun protection
5. Don’t forget your sunscreen

SLACKS: A great pair of slacks can go with just about anything. Try a pair of black or navy pants with a simple white tee and a blazer for a chic look.

COOL CHIC: Sandals, a cross-body bag, and a cute hat make for a perfect beach outfit. Wear them with a tank top and shorts for a casual look.

THE LOOK: Anything that’s easy to throw on and looks good is always a winner. Try a simple dress or a jumpsuit with a pair of sandals.
