Introducing **GRID-IT!**

The most versatile organization system available.

Cocoon Innovations introduces GRID-IT!

A patent pending object retention system designed to hold digital devices and personal effects firmly in place. As versatile as life itself, GRID-IT is an ideal solution for organizing your NetBook, iPod, iPhone, BlackBerry, Laptops and more!

The proprietary GRID-IT Organization System is integrated in all Cocoon Innovations computer bags, gaming cases and travel totes and is available in several convenient sized stand-alone organization panels. The GRID-IT Organizers are an ideal accessory to existing products and fit easily into most computer bags, cases, totes, handbags and luggage.
